Detroit, Mich., June 7.—(Spl.)—The 450 members of the National Association of Manufacturers were startled while the Rev. D. Maxon was saying grace before the banquet, by a manufacturer of bolts, who yelled from a distant table: "Louder! Louder!" His associates glared at him; others tittered, and when "amen" was said a roar of laughter followed. Chairman George H. Barbour, of Detroit, in introducing General Henry M. Duffield, as toastmaster, said: "I am pained to find that there are some here who do not know how to act or behave like gentlemen. I would request those to withdraw who do not know how." This stopped the fun. Three persons got up in a huff and left. There were no women present.

**STOCKS****Made Substantial Advances In Wall Street Today.**

New York, June 7.—(Spl.)—Stocks opened irregular and fairly active. The market at the opening showed almost absolute indifference to the slightly lower quotations that came from London. In a few moments after trading began the support was so evident that bear traders hastily covered and prices made substantial advances. Rock Island rose 3 per cent, subsequently reacting over a point. Louisville & Nashville opened off 1/2 per cent, advanced 2 per cent, and then reacted fractionally. Missouri Pacific was strong at an advance of over 1 per cent, and Texas Pacific while opening at a small loss, rose 1 1/2 per cent, within the first half hour. Chicago & Alton common was raised down soon after opening 1 1/2 per cent, but it soon rallied 3 per cent. In the industrials the tobacco stocks opened strong on the announcement of the reorganization of the trust.

**GAS OUT.****Right Food (Grape Nuts) Does Not Generate It.**

School Ma'ams have troubles of their own. Their work is of a nerve destroying character and frequently the question of food is a serious one with them.

The right selection of food will cure dyspepsia and many other disorders of the body. Sadie Cromer, 191 Olney ave., Marion, O., says that after she had suffered from stomach trouble for years and without being able to find food that would agree with her, she finally was induced to try Grape-Nuts. The trouble with gas and nervousness coming from indigestion, disappeared, and her own testimony says: "I gained in flesh so much that now I am heavier and better than I have ever been during the eight years I have taught school here."

My stomach does not cause me the least trouble. I can eat anything I wish, but still continue to eat Grape-Nuts Food, for I like it and know of its value."

**KENMORE****Being Visited by Thousands.****Daily Sale of Lots Large and Increasing.****Saturday Selected as Banner Day.****Continuous Concert and First of the Homing Pigeon Contests.**

Although the grip of the Weather Man slipped a little Thursday, and his control of the situation was frequently in doubt, he managed to produce an article not wholly bereft of redeeming features. For instance, it was cooler while rain was falling, and there was no dust. While it wasn't exactly what you'd call a premier day for a land sale, the enthusiasm of those who attended the sales at Kenmore Thursday was very early discovered to be waterproof, and the result was a surprise. The record was close to those of the better days during the first of the week. Sixty lots were sold, and among them, several fronting on the boulevard, each commanding \$500.

The sales are being well attended today, and many people have purchased lots. Over two hundred lots have been sold thus far, and interest in the sale has never lagged. Instead it has grown substantially, and by Saturday when the Akron Realty Co. will release all its energy it will not be disappointed by the response from the crowds. While the citizens of Akron have been greatly interested in the prospects for the new town and have patronized the sales liberally, Saturday will be taken by them partially as a holiday, and the rush to Kenmore will undoubtedly be a repetition of the scenes witnessed during the greatest of Barberton's boom days.
